

# Evaluate

## Ardoq Services Offering

*Aligning the applicable Ardoq use case solutions to your strategic and business outcomes to provide a roadmap to achieving value.*

### What it is

Ardoq Professional Services work closely with our sales/account team colleagues to ensure a seamless handover of any knowledge and information gathered during discussions prior to this point in our engagement.

Evaluate is the process of delving deeper into your desired outcomes and refining them further, identifying actionable tasks within the Ardoq platform (i.e. Ardoq Use Case Solutions) to enable stakeholders to maximise value in the shortest possible timeframe. Ardoq Professional Services then work with you to agree on a “Value Roadmap” that shows the activity sequence and estimated timeline of your journey towards achieving your goals.

Finally, at a mutually agreed time, typically a few months later, a progress review workshop is held to confirm and validate the roadmap’s continued alignment to your objectives.

In summary, Evaluate consists of the following:

---

### What you'll accomplish

- Build a Value Roadmap that identifies and sequences Ardoq Use Case Solutions to help you achieve your objectives

### What you'll get

- A “Review of Needs” workshop
- A “Value Roadmap Review” workshop
- A copy of the agreed Value Roadmap slide deck
- A follow-up/progress review workshop
