Integration - Jira CloudPlatform out-of-the-box Importer
## Ardoq Services Offering

Learn the power of the Ardoq Jira Cloud Platform importer enabling you to link your Jira projects with your Ardoq architecture assets.

What it is

Streamlining data flows from third-party applications that contain relevant information for your Ardoq metamodel, reports and dashboards ensures that analysis and decision making is always performed with the most up-to-date knowledge. The Ardoq Jira Cloud Platform Importer is an out-of-the-box connector that enables the synchronization of Jira project data with Ardoq.

To assist you with the implementation of this, an Ardoq Professional Services integration consultant will provide you with the necessary knowledge and skills to configure the Ardoq Jira Cloud Platform Importer feature via three interactive workshops.

The Jira Cloud Platform Importer integration service offering consists of the following:

Workshop 1: validation of scope & connectivity enablement → Workshop 2: filtering and resource access → Workshop 3: best practices & real-life use case

What you'll accomplish

- Set up Ardoq out-of-the-box Jira Cloud Platform import integration

- Training on Ardoq Import features

- Best practices & roadmap to self-sufficiency on Jira integration

What you'll get

- Scoping & connectivity enablement workshop

- Filtering & resource access workshop

- Best practices & real-life use case workshop

More information

- Each workshop is approximately 90 minutes in length.

- All services are delivered remotely unless otherwise communicated and scheduled. Travel and expenses incurred due to a request by the customer will be invoiced at cost.

- All services assume that the assigned Professional Services consultant(s) is granted access to the Customer's Ardoq instance.

- Customer will ensure that all relevant stakeholders are identified and available to participate in workshops, answer questions and otherwise assist Ardoq Professional Services in the completion of the activities.

- All activities within this service package must be completed within twelve months of purchase, otherwise they will expire and any unused activities or deliverables will be forfeited.
